

## JfL Student Interview Questionnaire

The Student Relations Leader is responsible for screening and recruiting potential students. It is recommended that the Student Relations Leader is mature spiritually and has some experience in observing and discerning body language and facial expressions. During this interview asking probing questions will allow the leader to hear the sincerity of the student and gather information that will assist in student recruitment. Below is a list of questions that you may use during your student interview process. Please keep in mind these questions are provided as a sample and you have the flexibility to create your own student questionnaire for your Site.

1. Briefly tell me a little bit about your history, focusing on any event that has shaped your character/personality.

2. Is there anything in your past that is/has become a roadblock?

3. What motivates you?

4. Tell me about your dreams of your future.

5. Describe your relationship with your parents.

6. When I say the word, "mentor" what comes to mind?

7. How willing are you to get to know your mentor and share your personal values with him/her?
